

KU'ULA-KAI SOLUTION – POLE

The grid may be filled as shown below. In some spaces, the Row letters (given first) conflict with the Pool letters.

Each of the conflicted pairs can be replaced with a third letter so that a fish may be found in that pool.

Note that the J in SKIPJACK could also change to an R to find CARP, but going with J creates a sequence of unique changed letters from A-M. Looking at the *kuula* (center stone) in each of the affected pools in this A-M order spells the clue ROD FOR FISHING, the answer to which is POLE.
