

MAUI SOLUTION – WARP

The completed word search is shown on the next page. Five words in each of twelve categories may be found. These can be matched to the given enumerations to order the sets. For each category, there is an additional word to be found in the grid that begins with J and is in the shape of a J, in reference to Maui's gigantic hook. Taking the letters "caught" by each hook in category order spells the clue BLANK AND WEFT, leading to the answer WARP.
