### TARGET PRACTICE

1. is synonymous with the last name of a legendary archer  
RUFFIAN (Hood) / DIVULGE (Tell)
2. anagrams to a name for the bow-wielding heroine of a hit 2012 film  
VENEERED (Everdeen) / ADMIRE (Merida)
3. is a comic book archer's secret identity surname with the last letter changed  
BARTOK (Clint Barton=Hawkeye) / QUEER (Oliver Queen = Green arrow)
4. is a name given to the animated television character "Archer"  
DUCHESS / STERLING
5. is a non-human archer when given new vowels (not necessarily in the same spot)  
LEGALESE (Legolas) / COPIED (Cupid)
6. has a letter bank that's a Greek figure identified as the archer Sagittarius  
CROSSCUTS (Crotus) / CHRONIC (Chiron)
7. could have a letter added internally to become a synonym for "archer"  
SAUCER (Saucier) / PETER (Perter)

### MARKSMANSHIP

Final message is determined by the unique single letters that split each bigram to make a new word at each step. In given bigram order:

TARGET: Accomplishment / Awful fate / Cheers's Roger / Downhill racer / Laugh riot / Lean and strong / Prompted / Strap / Tote / Twinge

FIRST ARROW: Asian stew / Canines, en masse / Colors anew / Dinged / Groping / Hair amount? / Keep / Napa site / Quenched / Twirly
