

The City of Magians - SOLUTION (HECATOMB / AMPHITHEATER)

Each of the persons shown appear in Billy Joel's song "We Didn't Start the Fire" (it was always burning while the world's been turning, as the Magians might protest). Images are arranged alphabetically as listed in the song. The rhymes associated with those names are to be fit into the grid, with the answer words appearing in the only two columns containing single uninterrupted sequences of letters.
