

RABBIT'S SOLUTION - FIN

Each transformed clue solves to an answer which, when subjected to the same transformation as its clue, becomes the name of a body part missing a single letter. Ordering body parts from the top down and plugging letters into the blanks below the puzzle gives F[]OUNDER / PLA[]CE / SAL[]ON / []ASS. Each blank can be filled with a single letter to make the name of a fish: FLOUNDER, PLAICE, SALMON, BASS. The added letters spell LIMB, for which a fish's most prominent is a FIN.
